---

## SUMMARY

Computer Science student who is passionate about programming and seeking opportunities to apply and expand my skill set.

---

## EDUCATION

Since August 2022	St. Charles Community College BS in Computer Science Current GPA 3.5/4.0	Expected graduation May 2027
Since August 2020	Technical School Lewis and Clark Career Center Computer Science Certification	Graduation May 2022

---

## RELEVANT TECHNICAL SKILLS:

- Responsive Web Design
- Python
- HTML 5
- Linux
- Web Design
- Java Script
- Command Prompt
- GitHub
- IDE – Idle, Visual Studio Code, Eclipse
- CSS
- Debugging
- Customer Service
- MySQL
- Django
- C++

---

## RELEVANT SOFT SKILLS

- Positive Thinking – I believe I can overcome any obstacle.
- Time management – I constantly meet deadlines for school and projects.
- High Work Ethic – Excellence is my goal in any work I perform.

---

## EXPERIENCE:

- Portfolio Website (HTML, CSS)
  - URL: <https://jeffkm01.github.io/Portfolio/>
  - Developed a personal portfolio website hosted on GitHub.
  - Implemented responsive design principles to ensure accessibility on various devices.
  - Demonstrated strong debugging skills to resolve issues and ensure smooth functioning.
- Space Invaders 2D Game (Python)
  - Designed and developed a 2D game using Python, showcasing programming expertise.
  - Implemented game mechanics, controls, and scoring systems.
- MySQL Database Project
  - Created a database using MySQL to store and manage structured data.
- GitHub Project Collaboration
  - Utilized GitHub to collaborate with others, share projects, and seek assistance.
  - Demonstrated teamwork and version control skills through collaborative projects.
- Developed a Restaurant Bill Calculator in C++
  - Used dynamic arrays, allowing streamlined calculation of Restaurant bills.
  - Demonstrated expertise in C++ programming and proficient memory management techniques.
